

JTC Campaign Track Record: RBP by Match (sign-coded)

n=83 settled matches. Cumulative total: +3246.04 RBP (matches the cumulative-RBP chart's own total -- see plot_cumulative_rbp_drawdown.py). Bars annotated at the campaign's single best and worst match only, per this project's own 'grade every bet, every time' discipline: this chart shows every settled match, not a curated highlight reel.
